## Black & White

### REQUIREMENTS:

DMJ-0004G	Moulding urn or
DMJ-00001	Mini bain 1000
DGW-00005	Moulding mix or
WAX-00110	Plusmix
KPT-03x..	Flat wick 3 x .. (depending on mould)
MAL-....	Various moulds
KLP-06420 or KLP-24420	Colour tablet black
VER-00...	Various punches
WAS-....	Wax sheet white, black, zebra + pearly white

Pouring jug, knife

Heat the wax to 90 ° C and string the wick inside the mould according to instructions ([www.gildewerk.com](http://www.gildewerk.com) > service center > producttips). Mould a few base candles, colourless (white) or black depending on preference.

*If you're interested in even more candles, sign up to one of our workshops*

From the wax sheet, punch out designs/ strips and stick them to the candle to form geometric patterns. Use black wax sheet for colourless white candles and white/ pearly white sheets for black candles. Zebra wax sheet can be used on either colour and creates a totally unique effect thanks to its irregular black & white pattern.
