10% DISCOUNT AFTER ATTENDING A WORKSHOP

As a result of the very many positive responses to last year's special offer, we're going to repeat it. It's already been announced, but we are letting you know one more time. We are offering a one-off **10% DISCOUNT** after participation in a workshop.

- The discount applies to virtually all items.
- Applies to the first order submitted within two months of the workshop.
- Offer can be taken advantage of once every six months.

For the workshop schedule, visit:
www.gildewerk.com

On account of the great demand we now have added a light green colour to our basic colours.

BATH BALLS AND MASSAGE CANDLES

TREETS is a well-known product line for wellness products. To give you the opportunity to complete your own product line we now sell bath balls and massage candles. Bath balls create a luxurious, fizzing bath scented with a delightful fragrance. Effervescent bath balls in gift packs contain a unique combination of nourishing and natural ingredients. Suitable for use in whirlpool. PH neutral and dermatologically tested. Contain no Parabenes, Sulphates, Silicones, DEA, Propylene Glycol.

Massage candles are an experience for all senses. Light the candle, enjoy the fragrance and wait until the wax has melted into a natural massage oil. This takes at least 10 minutes. Extinguish the candle and check whether the temperature is pleasant, before pouring the melted wax into the palm of your hand. Gently massage the soft and smooth oil into the skin. This natural massage oil is made of ecologically certified shea butter.

MESSAGE FROM GILDEWERK QUALITY SYSTEMS BV:

Ensure compliance with our soap quality system

When it comes to soap production, soap makers are aware – while potential soap makers might not be – that anyone making soap must comply with the European Cosmetics Directive. In light of this, Gildewerk Quality Systems BV has developed a system that makes it easy for soap makers to comply with these requirements. Given that local authorities are going to be monitoring this more strictly, it is very important that all soap makers are made aware of this. Our quality system has passed numerous tests in France and

Germany. In the Netherlands, the Food and Drugs Authority will be applying legislation more strictly. This authority has visited us and has declared that we comply with the requirements, meaning that the same goes for companies subscribed to our system.

If you would like to be free from the hassle, while still complying with the European Cosmetics Directive, you are welcome to subscribe. At this price, you shouldn't wait any longer.

ZQS-00001 Per annum € 395,-
